Re: Proposed Amendments to Crim. P. 49.5

David Kribs, CFO
Financial Services

Dear Justice Samour:

Eric D. Brown
Human Resources

I am submitting, on behalf of the Criminal Rules Committee, this rule-change proposal to Crim. P. 49.5, concerning the Electronic Filing and Service System.

Chad Cornelius, CIO
Information Technology Services

The proposed edits are to section (a), and (m)(3) and a new comment. The proposed edits to section (a) will delete the announcement of the availability of criminal E-filing. Criminal E-filing is now available and being used in all judicial districts. In this same section it is proposed that a dead website link be deleted. The addition to section (m)(3) is to indicate that for courts that do not require a proposed order, one need not be filed with the court. This is consistent with changes made to Chief Justice Directive 11-01 in May of this year. Finally, there is a proposed new 2018 comment indicating the website for the Colorado Courts E-filing system.
