

Whereas, allowing the general public to have access to an affidavit requesting the issuance of an arrest warrant, and the warrant itself, before the warrant has been executed and the subject of the warrant arrested, impedes the ability of law enforcement to perform its duties and presents a potential public safety issue;

IT IS HEREBY ORDERED: That affidavits of probable cause requesting the issuance of an arrest warrant, and the warrant itself, shall not be made available for public access until the warrant has been executed and the subject of the warrant arrested.

So ordered this 3rd day of July, 2018.

Deborah R. Eyler
Chief Judge
