Subject: Re: Range Rover PP and Ogb File - Conferral

Mark,

You stated in court that I never conferred with you prior to filing the motion re the Range Rover.

Please see email below.

Also, could you please provide both items?

Additionally, I also separately sent an email requesting the discovery reflecting Mr. Weiner's statement to the court that a dart cannot be fired from a regular firearm.

And, please provide the notes from the interviews you had with the FBI analyst on the Range Rover data.

Thank you,

Iris

Mark,

In Discovery Production 78, 2 files related to the Range Rover were produced. These are different files than produced last week.

However, the files are inoperable. Can you please re-produce working and accessible copies of the Range Rover.PPTX and the Range Rover.ogb as soon as possible. Accessible means - produce the software necessary to open the ogb file.

Thank you,

Iris
