Good afternoon,

You should have just received an invite for a sharepoint - this is the invite for SmartForce case organization for the Morphew case per request. It should be as simple as creating/logging in and being able to access. If you have any trouble whatsoever, please reach out to me to troubleshoot.

Respectfully,

Sounds great! If there are any other SF related questions, please just let me know. I'm the admin on the page.

Thanks,
