Guys,

I'm in the evidence.com site - so feel free to upload whatever you can there and I'll get it moved over to Smart Force.

In addition - Kylie and I will be down in Salida tomorrow to assist with the flyer op, so if anyone has any reports documented, if you could put them on a flash drive for me, I can upload those as well so we can start putting together a master murder book with all agencies.

Thanks!

All,

I know you must be swamped currently. I just wanted to give a brief update that Kylie and I are monitoring social media and news.

We are recording all news sources, youtube videos, and twitter posts. In addition, we will be viewing all other social media sources and scanning through comments, etc and screenshotting them for distribution if there is anything pertinent.

This can all be found in Smart Force under Media Tracking -> Post Arrest media Tracking.

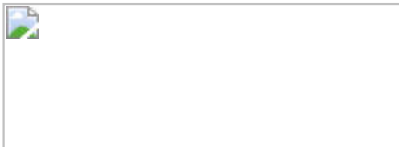

Any questions, concerns, comments please let me know.

Also, let me know if there is anything else we can do to support you right now.

Thanks and good job all!

I thought they were better pics than this. Sorry. If I find more that may be helpful I will send them to you. I think the rear floorboard picture is the passenger side? Thanks -Andy

Derek,

In the CBI photos in smartforce (folder P20-1889_TA_Photos 8) Atkinson took some pretty good interior pictures of Suzanne's car that may assist (no measurements). Thanks- Andy
