Hey Dave I'm in route on a missing persons case. I really don't have any info other than the sheriff suspect foul play. The wife is missing and husband left yesterday around 5 AM to Denver. It's in Chaffee County. I am unable to pull a case number because FA is down do you have any suggestions?

How long will it take you to get to Chaffee county?

Greg Slater says 3.5 hours

I can try to pull it when I get inis that a Pueblo call?
