NARRATIVE

On 06/09/20, I, Stephanie Courtney, an Investigator with the 4th Judicial District Attorney's Office, was conducting follow up on this case. I had previously been tasked with obtaining documents from the jail. It should be noted, while processing the paper discovery on this date, I observed that a portion of what I was asked to obtain had already been received for the dates of 03/05/20-05/20/20.

At approximately 9:25 am, I spoke with **Nicole Frahm** with the El Paso County Criminal Justice Center, to confirm she is the person I needed to request all of the reports and logs from. She advised she was. I inquired why the logs I received from EPSO Det. **Jessica Bethel** only went through the 5/20/20. Ms. Frahm said that the request the Public Defender's Office had made was on or around that date. She stated that she sent the documents to Det. Bethel when the request was completed. She advised when Det. Bethel asked her about the reports at a later date, she (Ms. Frahm) resent her original email.

At approximately 9:31 am, I sent the following request to Ms. Frahm via email.

At approximately 10:35 am, I received a response from Ms. Frahm with the following attachments.

Defendant Name: Letecia Stauch	DOB: 08/04/1983	DA case no.: 2020DA031	Court case no.: 20CR1358-15
--	---------------------------	----------------------------------	---------------------------------------

Please see attached. The behavioral log is a few days behind b/c they usually do a few days per page. Thank you.

I immediately contacted the attorneys in the case to see if we should have access to medical kites and mental health kites. Chief DDA **Martha McKinney** advised that we could not have access to those documents. I downloaded the two documents with privileged information onto a disc. The disc was then placed into an envelope, sealed, and stored in a locked area until further guidance is given on how to proceed. I never opened or viewed the privileged documents. I deleted the attachments from the email and sent the following response back to Ms. Frahm.
