Becky has been a paralegal since 2005. She started her legal career in water law and spent 10 years at a water law firm. In this firm, she was always the person asked to research areas of the law outside of water and found she enjoyed those forays into additional practices. After those 10 years, she decided to open a contracting paralegal business in 2015 to be able to branch out even more and have more responsibility and choice in what she worked on. She has branched out from water law to civil litigation, family law, personal injury, and housing cases.

In 2019, she completed her mediation training and began volunteer mediating in Garfield County Small Claims and County Court. In 2020, she expanded her mediation practice by reaching out to Eagle County Courts by providing phone mediations to small claims and county court parties. Wanting to gain even more mediation experience, she started mediation for Oval Options 2021 to begin providing post decree family law mediation. She has mediated contract, HOA, landlord/tenant, post-divorce decree, construction, automotive and many other issues brought before small claims and county court. In 2023, she obtained an Office of Dispute Resolution Contract for mediation and opened Roaring Fork Mediation. She enjoys helping parties to reach a resolution and is committed to being the best mediator she can.

Becky has a Bachelor of Science in Environmental Science from the University of California, Riverside. She obtained her paralegal certificate from Colorado Mountain College and in 2009, she received her MBA from Louisiana State University, Shreveport in 2021. She is a member of the Mediation Association of Colorado, the Colorado Bar Association, and the National Association of Paralegals.

In her free time, she enjoys most things outdoors including hiking (usually with her dogs), biking (mountain and road), swimming and is learning how to play guitar.
